

The 8th Day Message

INSPIRATION FOR MARCH 2010

"All I need is a miracle, all I need is you!" These are words to a very popular song sung by Phil Collins, of the UK, in the 1980s. Have you ever felt that you needed a miracle? Did anyone ever tell you that you were a miracle?

According to the American Heritage College Dictionary, (Third Edition), a miracle is 1. An event that appears inexplicable by the laws of nature, held to be supernatural in origin or an act of God. 2. One that excites admiring awe. In Acts 19:11, the Bible states: " Now God worked unusual miracles by the hand of Paul."

I am sure that every person reading this month's inspirational message has experienced a miracle in their life, or knows someone who has experienced an "inexplicable" occurrence in their life, or someone who needs a miracle right this very minute! If you had the authority or power to work a miracle, and you only had one chance to work it, what would it be? Would it be for yourself--perhaps you are in ill health, need a serious miracle in your finances, are homeless and need somewhere to call home, need better grades to realize a dream of obtaining a degree, you may need a better paying job, or you may need somebody to love. Or perhaps you need a miracle for someone else--a very sick child, spouse, partner, parent, sibling or other family member, or a very dear friend, or perhaps you need to find a loved one who is lost, kidnapped or has disappeared from sight.

Perhaps some of you may have seen the TV show, "Touched by An Angel." It was a popular show in the 1990s. After that show angels became extremely popular; all of a sudden *everybody* seemed to believe in angels! The truth is, everyone of us has a personal angel who stays by our side until we die. It is said that when Jesus comes again, that very same angel will be there when we are resurrected--those who chose Jesus and Eternal life--to escort us up to Jesus to take our journey to the Heavenly Courts above!

Yes angels truly exist, and I have experienced the touch of my angel many times. But, the experience that made a mark impression on my mind is a time when I was just a child, perhaps about 12 years old, and I went hiking with other young people of my church, back home in Birmingham, England. it was a lovely Saturday afternoon, and we went to hike in Licky Hills. There was a sharp turn on the hill we were walking on. I was holding a basket with goodies, and was chatting away to a friend who was walking beside me. All of a sudden, I felt myself walking at an uncontrollable pace, and instead of turning with the curve of the hill with the rest of the youth, I felt my self speeding straight ahead toward a serious drop!

I heard the youth screaming my name as I rushed over the side of the hill where there was no brush or trees to break my fall! I was a goner for sure! I felt myself falling fast, then suddenly, in mid air, I felt someone catch me under my armpits and instead of falling fast to my death, I felt as if someone had either put a parachute on me or I had suddenly grown wings. I landed gently on my feet! I wore stockings in those days, and

they weren't damaged in any way. My friends rushed to look over the side of the hill that I had fallen off of, to see what had happened to me. When they saw that I was okay, they were relieved, and just started laughing.

There were no ifs or buts about it, this was clearly a miracle. To think that I had fallen from such a height only to land squarely on my feet, on jagged rock face, with no bones broken, and not a hair or a piece of fabric on me out of place was certainly a miracle! Yes, I needed a miracle that day, and I certainly got one ASAP!!! After that experience no one could ever convince me that there wasn't a God, or that angels didn't exist, for I had first hand experience that these Beings were REALLY real, and others witnessed this miracle too!

Believe in [God](#) my friends because He surely DOES [exist](#). And guess what? God and Jesus are gentlemen! They don't just barge their way into your life, no, They simply stand at your heart's [door](#) knocking, until you hear that knock and invite [them](#) into your life. I'm sure that there are many women, and parents who wished that some of the men in their lives were like Them!

Life is full of [miracles](#), but the greatest miracle is [YOU!!!](#) And did you know that you could be somebody else's miracle too?

BE [someone's](#) miracle today!
